It may not be clear, but it looks like the first call also includes the a Tribal rep (Dave Haire).

Subject: Work group call

John cancelled the call at the last minute. I talked with him about how to proceed. We will have the technical staff (Oberley, Kropatch from OGCC, Deb Harris from DEQ, Kaminsky from BLM, Dave Haire from WREQC) get together on the phone to establish what data we have for each production well and based on that data, how to categorize the wells into groups for further action. Then there will be another call, which will include Encana and the Tribes, before the Oct 10 meeting. I think this is workable but am worried about the workload when we have so much else on the collective plate.
